ROBERTS®

THE MAVERICK® PULL BAR

10-018

Wide Angle Pull Bar

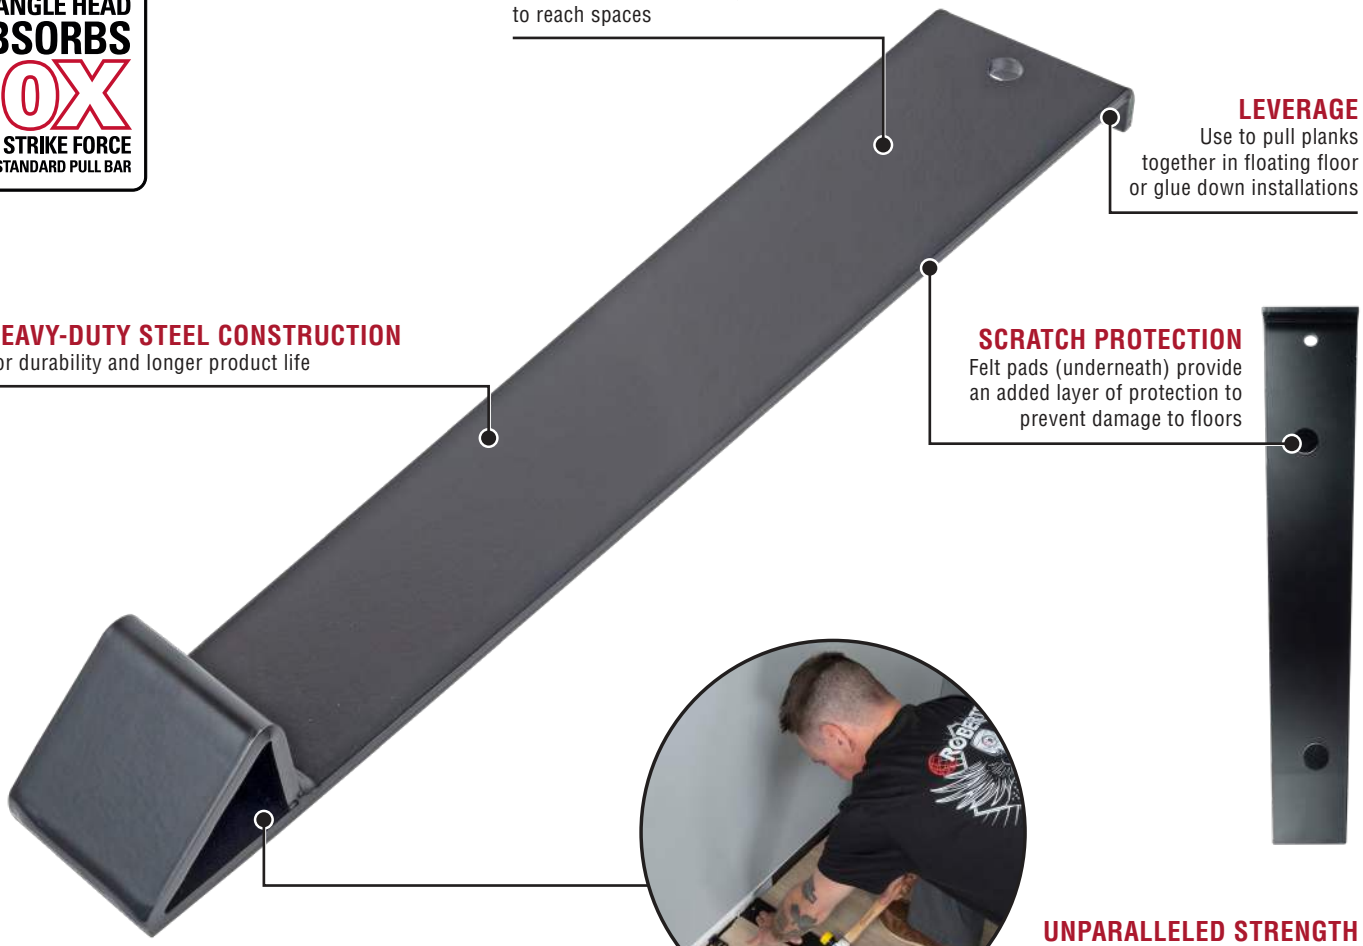

TRIANGLE HEAD ABSORBS 10X THE STRIKE FORCE OF A STANDARD PULL BAR

EXTRA-LONG 16" LENGTH
For better maneuverability in hard to reach spaces

LEVERAGE
Use to pull planks together in floating floor or glue down installations

HEAVY-DUTY STEEL CONSTRUCTION
For durability and longer product life

SCRATCH PROTECTION
Felt pads (underneath) provide an added layer of protection to prevent damage to floors

UNPARALLELED STRENGTH
Triangle-shape head does not bend like a standard pull bar

ROBERTS® THE MAVERICK® Wide Angle Pull Bar helps tighten seams during laminate, vinyl and wood flooring installation. This extended pull bar will reach against a wall, toe kick or other hard to reach space where a tapping block will not fit. Forged from premium steel construction, the triangle-shaped head does not bend like a standard pull bar.
