The ROBERTS® 13" Multi-Floor Cutter will easily cut laminate planks up to 12 mm thick. The cam mechanism provides smooth, constant cutting pressure for clean cuts, while the extended handle gives extra leverage for more cutting power. Its quiet, dust free and electricity free operation means that flooring can be cut on the site of the installation and job cleanups are easier. The ROBERTS 13" Multi-Floor Cutter is perfect for cutting end pieces to be covered with base moldings.
