ROBERTS® 6" Heavy-Duty Convertible Floor Scraper and Stripper is the ideal tool to remove adhesive, carpet, tile and other flooring materials. It is designed to extend using the 3 ft. long stretcher extension tubes (sold separately) that convert it to a stand up scraper. It features an "action lock" handle that adjusts 360 degrees to any position, providing access to hard-to-reach areas. It has a heavy-duty, cast aluminum scraper head, and comes fitted with a 6" wide hardened steel blade for effective scraping and stripping.
